

1 ~~Rule 2-106.05. Administration of the performance evaluation program for~~
2 ~~judicial self improvement.~~

3 Intent:

4 To provide for the administration of the performance evaluation program for judicial
5 self improvement.

6 Applicability:

7 This rule shall apply to the Judicial Council and to the Standing Committee on
8 Judicial Performance Evaluation.

9 Statement of the Rule:

10 (1) The performance evaluation program shall use professionally recognized
11 methods of data collection which may include surveys, onsite visits, caseload
12 management data and personal interviews. Information shall be obtained from multiple
13 sources to provide balanced information. Information from individuals shall be based on
14 personal knowledge of the judge's or commissioner's performance.

15 (2) The Standing Committee on Judicial Performance Evaluation shall:

16 (A) propose to the Council a schedule of recommended activities and procedures by
17 which to generate self improvement information;

18 (B) with the Council's approval, provide a schedule of activities and procedures to all
19 judges and commissioners;

20 (C) report to the Council recommendations for improving self improvement
21 information; and

22 (D) propose to the Council any surveys and amendments. Subjects inquired into by
23 a survey shall be drawn from but need not include all of the criteria established by Rule
24 2-106.02.

25 (3) Records and information generated for the self improvement of judges and
26 commissioners are classified as private records. The survey results for each court level
27 and geographic region, without identifying individual judges or commissioners, are
28 classified as public records. Respondents to surveys shall be anonymous.

29 (4) Geographic regions are:
