SAFE**STRONG**SUPPORTIVE

“SUCCESS IS NOT FINAL... FAILURE IS NOT FATAL. THE COURAGE TO CONTINUE IS WHAT COUNTS!”

Winston Churchill

Smile, for everyone lacks self-confidence and, more than any other one thing, a smile reassures them.

Andre Maurois

The following is the philosophy of Charles Schultz, creator of the 'Peanuts' comic strip

You don't have to actually answer the questions. Just ponder on them.

1. Name the five wealthiest people in the world.
2. Name the last five Heisman trophy winners.
3. Name the last five winners of the Miss America pageant.
4. Name ten people who have won the Nobel or Pulitzer Prize.
5. Name the last half dozen Academy Award winners for best actor and actress.
6. Name the last decade's worth of World Series winners.

How did you do?

The point is, none of us remember the headliners of yesterday.

These are no second-rate achievers.

They are the best in their fields.

But the applause dies.

Awards tarnish.

Achievements are forgotten.

Accolades and certificates are buried with their owners.

Here's another quiz. See how you do on this one:

1. List a few teachers who aided your journey through school.
2. Name three friends who have helped you through a difficult time.
3. Name five people who have taught you something worthwhile.
4. Think of a few people who have made you feel appreciated and special.
5. Think of five people you enjoy spending time with.

Easier?

The lesson:

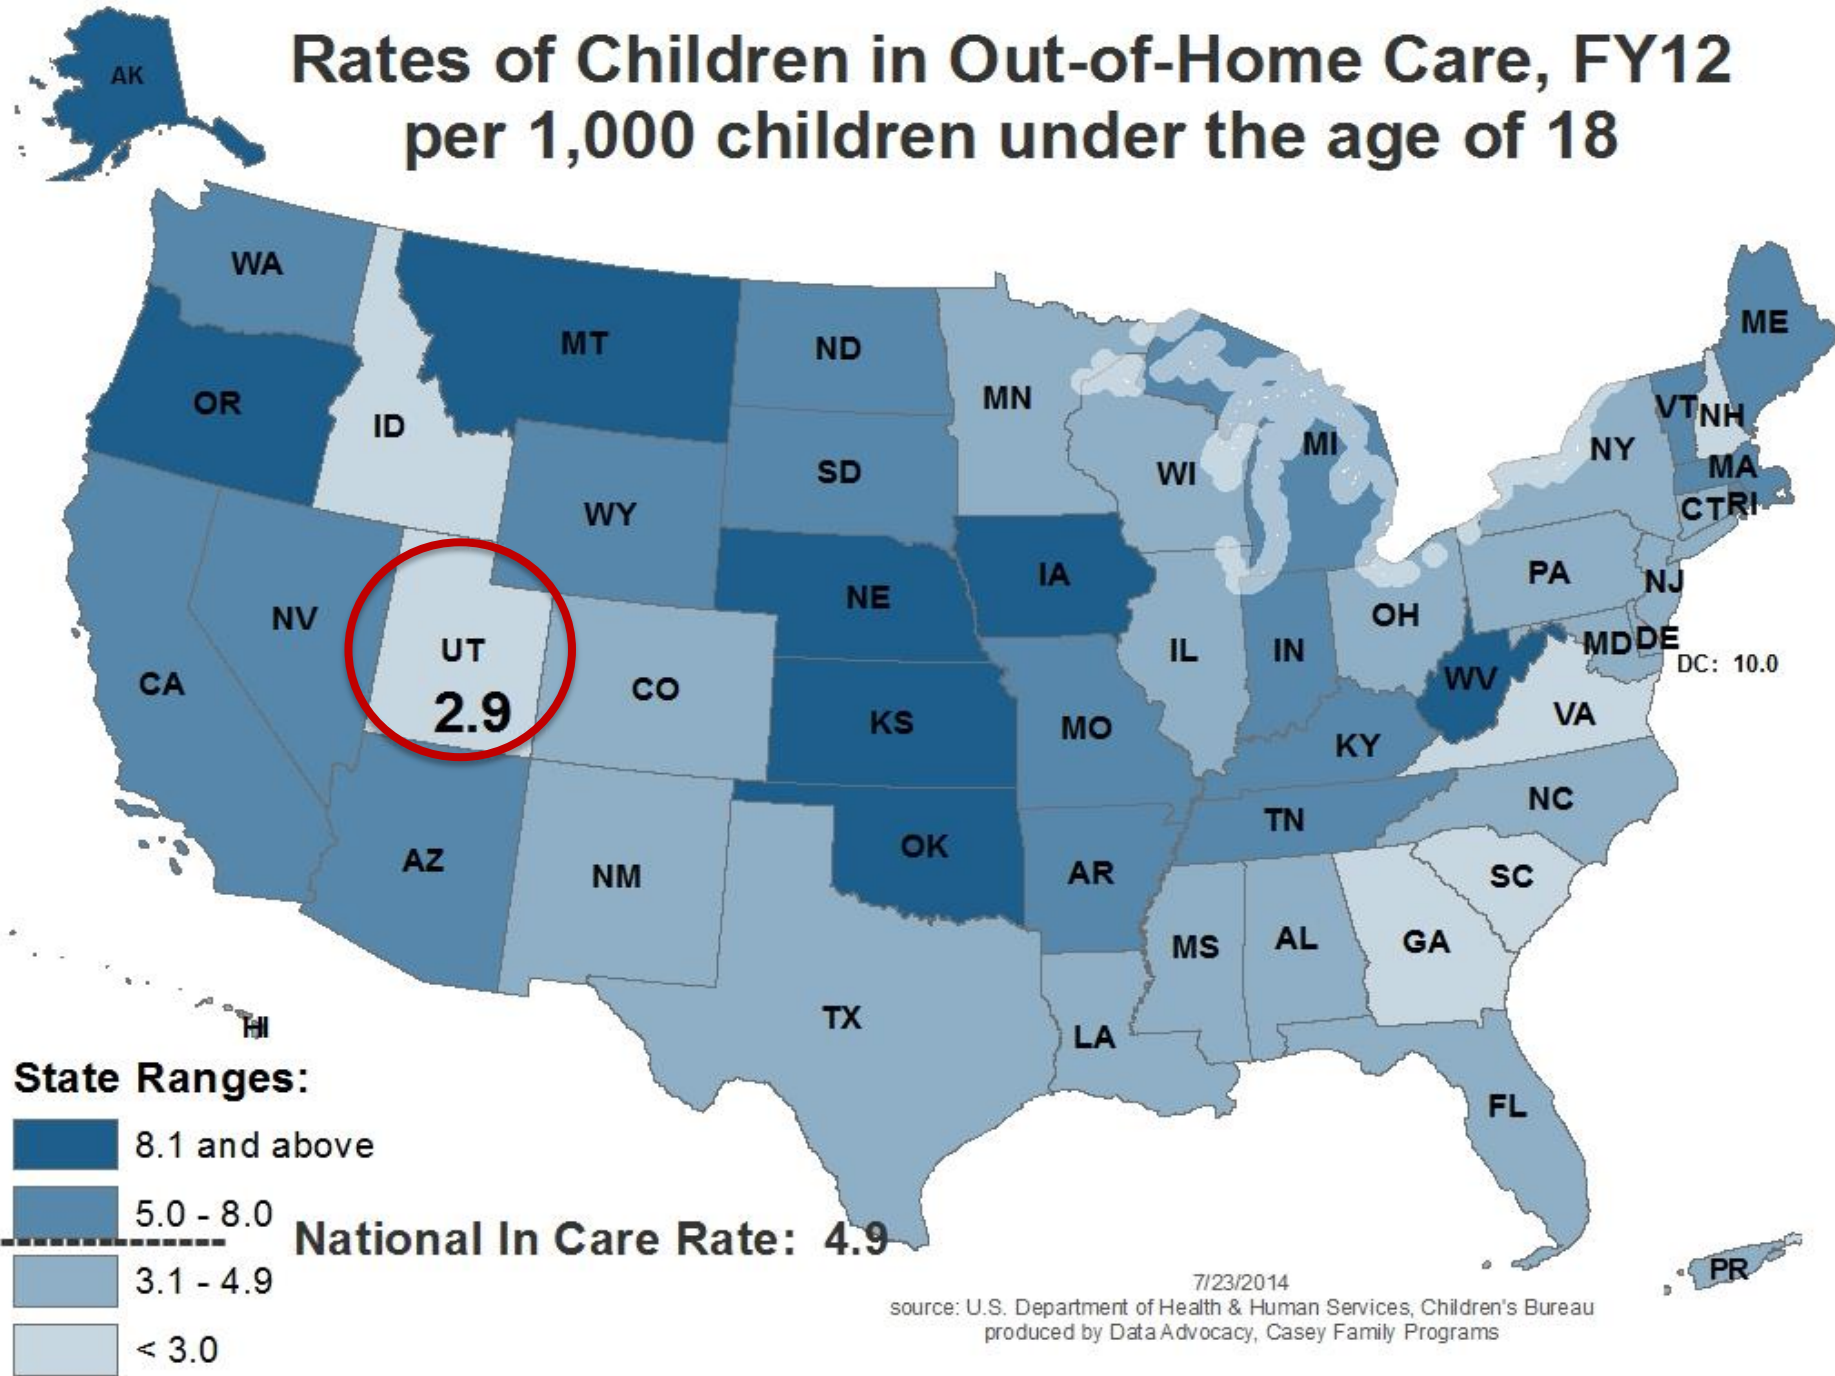

The people who make a difference in your life are not the ones with the most credentials, the most money... or the most awards.

They simply are the ones who care the most.

CHILDREN WHO STAY IN OUT-OF-HOME CARE FOR 2 YEARS AND MORE

Utah Long Stayers in Care, FY13

While 49% of long stayers have an adoption goal in Utah, as a child ages, the likelihood of a permanency outcome decreases.

Utah Long Stayers in Care, FY13

by length of stay in out-of-home care

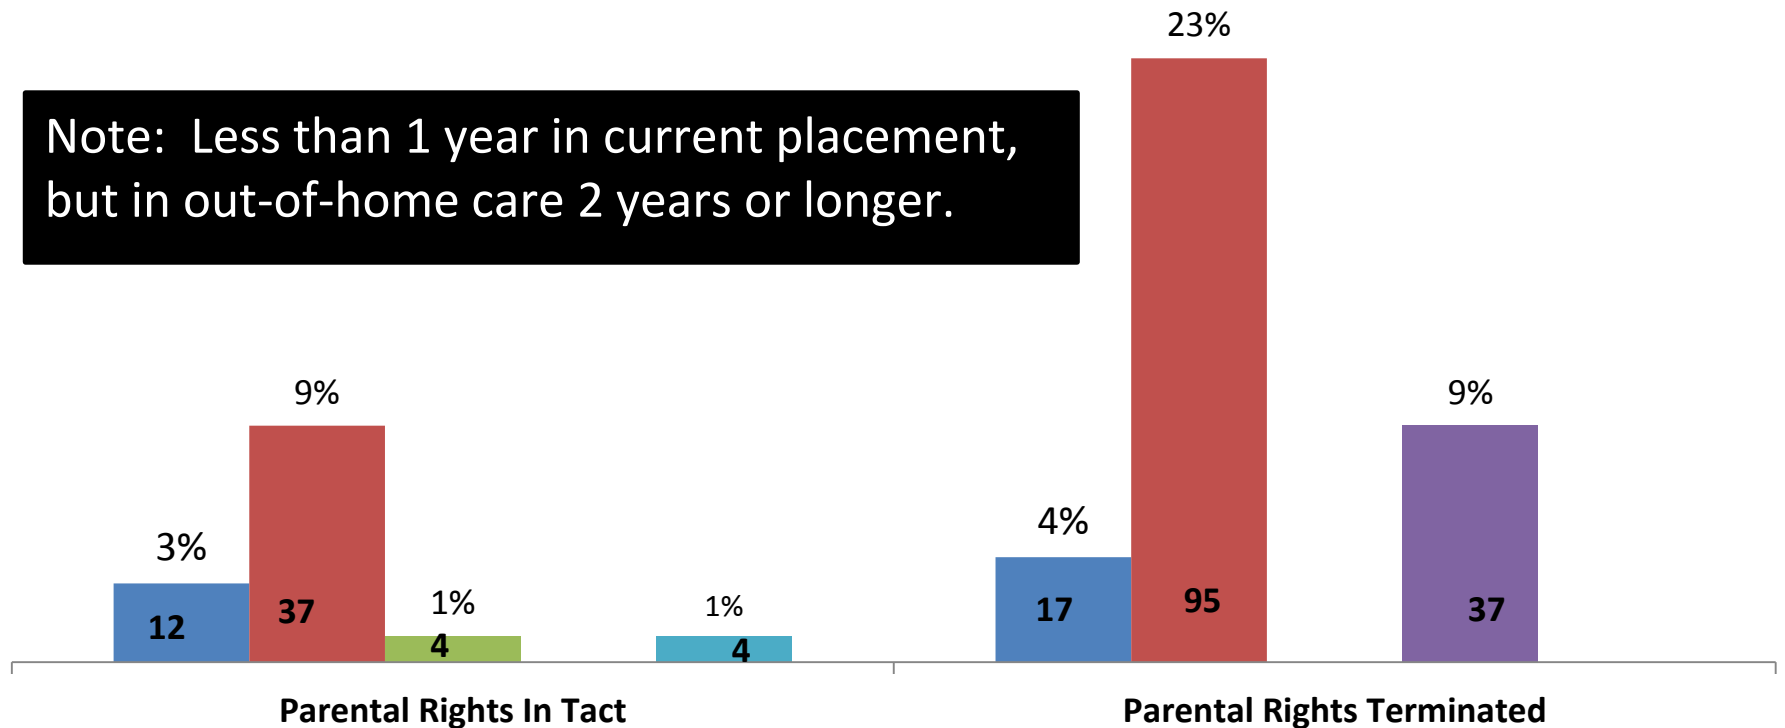

Utah Long Stayers in Care, FY13

by placement, time in current placement and status of parental rights

- Congregate care
- Foster care
- Kinship care
- Pre-adoptive home
- Runaway

Note: Less than 1 year in current placement, but in out-of-home care 2 years or longer.

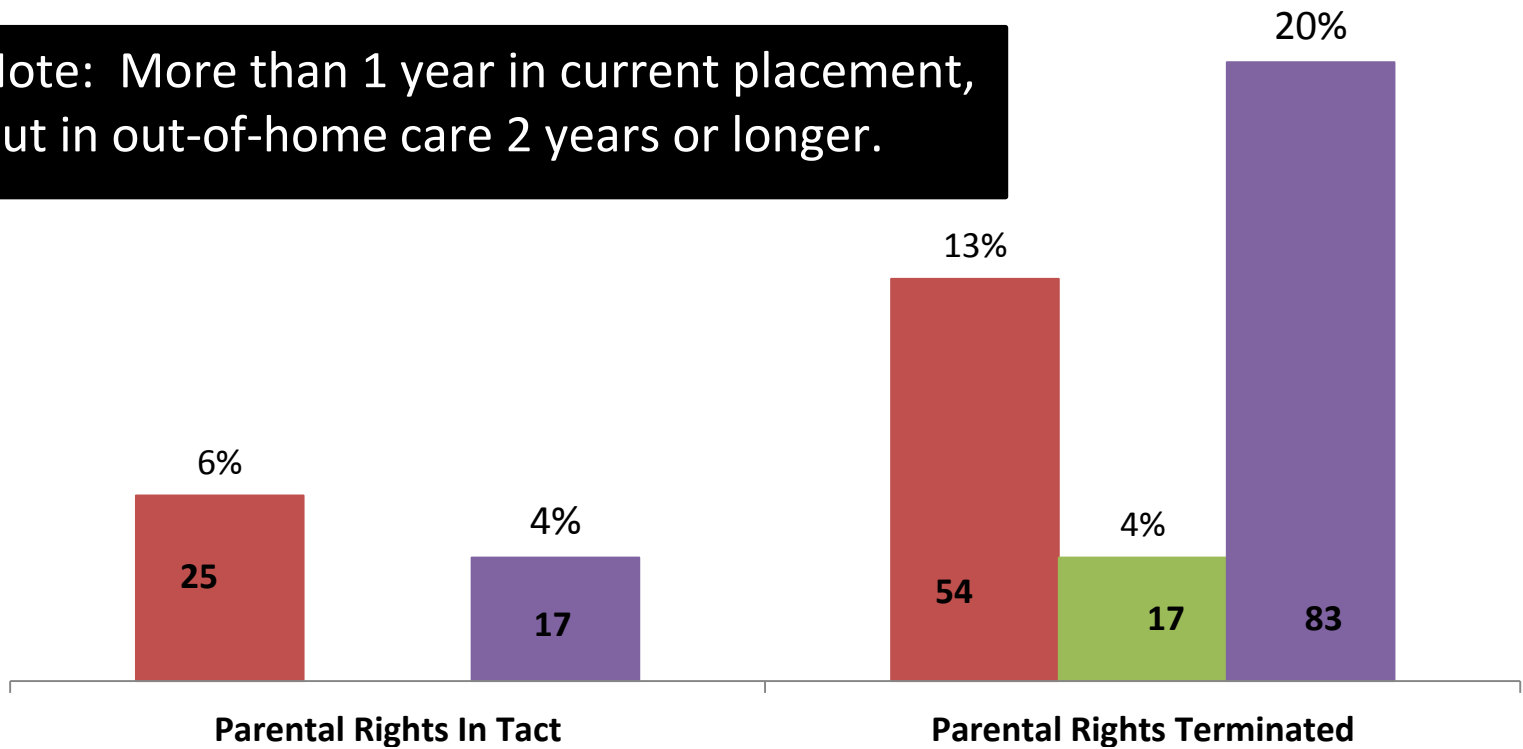

Utah Long Stayers in Care, FY13

by placement, time in current placement and status of parental rights

■ Foster care ■ Kinship care ■ Pre-adoptive home

Note: More than 1 year in current placement, but in out-of-home care 2 years or longer.

Kinship Care in the US, FY12

The percentage of children in kinship care placements varies throughout the country. Utah is below the national average.

What does the future hold for Utah children and families?

UTAH CHILD AND FAMILY SERVICES VISION, MISSION, AND PRACTICE MODEL

OUR VISION

Safe Children, Strengthened Families

OUR MISSION

To keep children safe from abuse and neglect, and provide services for juvenile delinquency and domestic violence by strengthening families and working with communities.

OUR PRACTICE MODEL

Our Practice Model is strengths based and family-centered. It includes Principles and Skills that guide our work toward the achievement of our Mission and Vision. Even as we venture into evidence-based initiatives, our Practice Model remains the foundation upon which we build.

PRINCIPLES

Protection of Abuse/Neglect Victims
Development of Children & Families
Permanency for Children with Family
Cultural Responsiveness with Families
Partnership with Families & Communities
Organizational Competence as a System
Professional Competence in Child Welfare

SKILLS

Engage to build a trusting relationship
Team with formal and informal family supports
Assess strengths and needs
Plan to build on strengths and address needs
Intervene to support transformational change

CONTINUOUS QUALITY IMPROVEMENT

Our practice is regularly and rigorously reviewed, both internally and externally, at local, state, and federal levels. Mixed methods are used for quantitative and qualitative analysis through data reports, audits, and reviews. The Qualitative Case Review is our most significant annual statewide review and measures the use of the Practice Model:

CHILD AND FAMILY STATUS

1. Safety
2. Stability
3. Prospects for Permanence
4. Health/Physical Well-being
5. Functional/Behavioral Well-being
6. Learning or Developing Progress
7. Family Connections
8. Satisfaction

SYSTEM PERFORMANCE

1. Engagement
2. Teaming
3. Assessment
4. Long-Term View
5. Child and Family Plan
6. Intervention Adequacy
7. Tracking & Adapting

Our Vision: Safe Children, Strengthened Families

Children must be protected from the trauma of abuse and neglect. When safe to do so, we must also protect them from the compounding trauma of removal from their families by effectively utilizing in-home services.

The HomeWorks Program

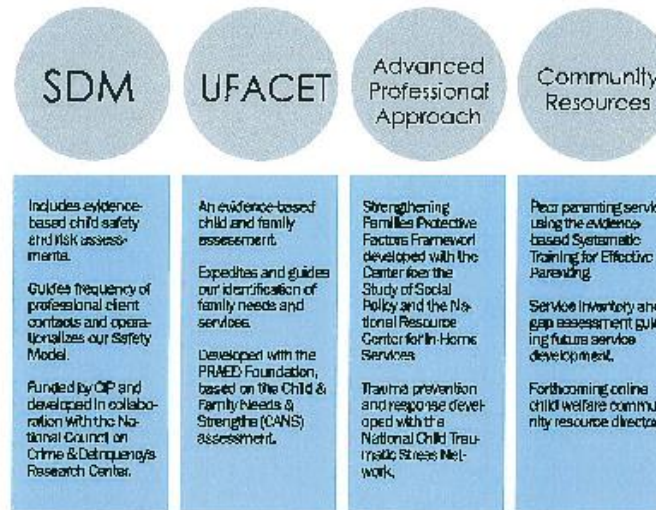

- HomeWorks is our enhanced in-home services program. It is a set of evidence-based services, strategies, and tools that best support the safety, permanency, and well-being of children and the strengthening of their family.
- The HomeWorks program is being developed with the support of policymakers, with funding from and collaboration with Utah's Federal Title IV-E waiver child welfare demonstration project, and Casey Family Programs.

Child welfare is evolving from its original purpose of "saving" children from abuse and neglect into a system in which the achievement of permanency through family is an outcome equivalent to that of safety.

- Casey Family Programs

Key Components of HomeWorks

The Goal of HomeWorks is to:

Reduce child abuse and neglect, strengthen families, and promote optimal child development.

Maximize the capacity of parents to protect and care for their children

Safely reduce the need for foster care.

The Practice Model = The Foundation of HomeWorks

Future Regional Launches of UFACET and Advanced Caseworker Training:

April 2014: Clearfield, Bountiful, Brigham City

November 2014: Southwest Region

2015-2016: Salt Lake, Western, and Eastern Regions

Questions? Please feel free to email Kevin Jackson at kevinjackson@utah.gov

UTAH CHILD AND FAMILY SERVICES FIVE-YEAR PLAN PRIORITIES

MORE CHILDREN SAFELY NURTURED IN THEIR FAMILIES

1. HomeWorks - Child Welfare Demonstration Project
 - Enhanced caseworker skills and assessment
 - Trauma-informed system and provider trauma-informed care and treatment
 - Community resources collaboration
2. Establishment of Child Protective Services (CPS) –as the first in-home service
3. Department of Human Services System of Care

SUPPORTING CHILDREN OUT OF THEIR HOMES AND ATTAINING PERMANENCY

1. Support for relatives who assume legal guardianship of children - IV-E Kin Guardianship Subsidy
2. Permanency attainment
 - Improved parent/caregiver visitation
 - Engagement of fathers, caseworker contact with parents
 - Enhanced reunification assessments and permanency goals
3. Child and Adolescent Needs and Strengths (CANS) Assessment Revisions and Implementation Fidelity

ORGANIZATIONAL COMPETENCE

1. Leadership Academy
 - Leadership Training for Administrators and Supervisors
 - Supervisor Training Package
 - Coaching
2. Worker Recruitment and Retention
3. Strategic Planning and Implementation Using Implementation Science

Without a family, man, alone in the world, trembles with the cold.

Andre Maurois

Nothing in this world can take the place of persistence. Talent will not: nothing is more common than unsuccessful men with talent. Genius will not; unrewarded genius is almost a proverb. Education will not: the world is full of educated derelicts. Persistence and determination alone are omnipotent.”

Calvin Coolidge

“The sooner you fall behind, the more time you have to catch up.”

"My name is Davion and I've been in foster care since I was born... I know God hasn't given up on me, so I'm not giving up either. I'll take anyone, old or young, dad or mom, black, white, purple. I don't care. And I would be really appreciative... the best I could be."

Davion Only, 15y/o to the congregation of the St. Mark Missionary Baptist Church in St. Petersburg, FL, Oct. 2013
