

# Becoming a Court Visitor

---

Submit the CV Application ([www.utcourts.gov/gramp/cvp/volunteer](http://www.utcourts.gov/gramp/cvp/volunteer))

The Program Coordinator will review the information in your application and contact your references.

Qualified candidates will be contact by the Program Coordinator to set up an interview. The interview allows us to ensure you are able to meet the needs of the program **AND** that the program is a good fit for your expectations.

For candidates who pass the interview screening process, a background checked will be conducted. You will need to get fingerprinted, and you will be asked for your date of birth, SSN, and driver's license number.

If there are no concerns with the background check, the Program Coordinator will go over New Volunteer paperwork, including reviewing our Code of Ethics, signing the Visitor Agreement, and obtaining an ID badge.

Once you are officially onboard, your training begins!

We will schedule times to go over CVP procedure, the CV handbook, court procedures you need to be aware of, and navigating your way through an assignment.

We will work closely with you as you take on your first assignment, to answer questions, provide direction and advice, and help you get comfortable with your new role.
