Determination of All the Rights to the Use  
of Water, Both Surface and Underground,  
Within the Drainage Area of the Utah  
Lake and Jordan River in Utah, Salt Lake,  
Davis, Summit, Wasatch, Sanpete and  
Juab Counties in Utah

*General Case File*

**SPECIAL MASTER’S SECOND  
AMENDED AND RESTATED  
STANDING ORDER NO. 3**  
(ON MANAGEMENT OF OBJECTIONS  
FILED AFTER JUNE 28, 2016)

Civil No. 360057298

(Judge Laura S. Scott)

Rick L. Knuth, Special Master

---

The Special Master, acting *sua sponte*, issued Standing Order No. 3 (On Management of Objections Filed After June 28, 2017) on September 26, 2017, and the First Amended Standing Order No. 3, which the instant order amends and restates:

**A. General Provisions and Scope of Order**

1. For purposes of this Order, an “Objection Proceeding” shall include an objection to any State Engineer’s Proposed Determination, within the meaning of Utah Code *Ann.* Sections 73-4-11 and 73-4-9.5 (each, an “Objection”).<sup>1</sup>

2. The provisions of this Order have no application to Objections to Lists of Unclaimed Rights, which are the subject of the Special Master’s Standing Order No. 2.

---

<sup>1</sup> Under the SPECIAL MASTER’S STANDING ORDER NO. 4 (ON FORM OF OBJECTIONS FILED AFTER JUNE 28, 2016), an Objection is considered a pleading for purposes of Rule 8, U.R.Civ.Pro.

3. *The provisions of this Order apply only to Objections to a Proposed Determination filed after June 28, 2016.*

**B. Commencing the Objection Proceeding—the Objection**

4. An Objection Proceeding shall commence upon the filing of an Objection. Objections shall be filed in the individually numbered Subdivision sub-case numbers assigned by order of the Court.<sup>2</sup> The State Engineer shall assign to each Objection Proceeding a unique number consisting of the Water Right Area number, the Book Number, and the individual Objection number. Each number shall be separated by a hyphen (*e.g.*, 57-6-01) as provided *infra* ¶ 27.

**C. Responding to the Objection—the State Engineer’s Answer and Disclosure of Potentially Affected Parties**

5. Within thirty-five (35) days of the filing of an Objection, the State Engineer shall file an answer or other responsive pleading pursuant to Rule 12, Utah Rules of Civil Procedure (“U.R.Civ.Pro.”).

6. The State Engineer’s answer shall contain a Disclosure of Potentially Affected Parties, disclosing the name and address of any person known to the State Engineer “whose [water] rights would be affected or drawn in question”<sup>3</sup> by the resolution of the Objection or the outcome of the Objection Proceeding (each, a “Potentially Affected Party”), as well as the rationale and methodology the State Engineer used to ascertain the identity of such Potentially Affected Party.

---

<sup>2</sup> The relevant Orders Assigning Additional Civil Numbers for Subdivision Sub-Cases can be found on the Court’s website at <https://www.utcourts.gov/waterrights/utahlake/>.

<sup>3</sup> *Plain City Irr. Co. v. Hooper Irr. Co.*, 51 P.2d 1069, 1071 (Utah 1935).

7. The Objector shall file a Disclosure of Potentially Affected Parties, disclosing the information outlined *supra* ¶ 6, within fourteen (14) days of the date of service of the State Engineer’s Answer and Disclosure of Potentially Affected Parties. Failure of an Objector to file a Disclosure within the time prescribed will be deemed a statement that the Objector has not identified any Potentially Affected Parties beyond those disclosed by the State Engineer.

8. All parties to an Objection Proceeding, including Potentially Affected Parties, have a continuing obligation to supplement their Disclosure of Potentially Affected Parties if they identify additional Potentially Affected Parties.

9. A Disclosure of Potentially Affected Parties filed by any party will be for notice and procedural purposes only, will be made without waiver of defenses, and the disclosure or non-disclosure of any party will not be admissible as evidence of any party’s substantive rights.

**D. Incorporating Potentially Affected Parties—Notice of Objection Proceeding, and the Potentially Affected Party’s Notice of Participation and Answer**

10. After the time to file the Objector’s Disclosure of Potentially Affected Parties has elapsed, the Special Master will serve upon all identified Potentially Affected Parties a Notice of Objection Proceeding and Opportunity to be Heard (“Notice of Objection Proceeding”) by first-class U.S. Mail. The Notice of Objection Proceeding will include a form entitled: Notice of Affected Party Participation in Water Right Objection Proceeding (“Potentially Affected Party Notice”). The Potentially Affected Party Notice must be

substantively similar to the form available on the Utah Courts website, at: <https://www.utcourts.gov/waterrights/>.

11. Potentially Affected Parties shall have forty-nine (49) days from the date of mailing of the Notice of Objection Proceeding to indicate that they wish to participate in the Objection Proceeding by filing the Potentially Affected Party Notice with the Clerk of the Third District Court in the correct Subdivision sub-case as required by the Court's Order Assigning Subdivision Sub-Case Numbers for Objection Proceedings and Governing Filing of Documents in Subdivision Sub-Cases.<sup>4</sup>

12. Within thirty-five (35) days of filing a Potentially Affected Party Notice, a Potentially Affected Party shall file a pleading that is responsive to the Objection, setting forth the party's claims and defenses.

13. A Potentially Affected Party who fails to file a timely Potentially Affected Party Notice, to enter an appearance, personally or through counsel, or who otherwise fails to manifest a present intention to participate, shall be deemed to have waived further notices pertaining to the Objection Proceeding or its ultimate disposition; *however*, a Potentially Affected Party who did not file a timely Potentially Affected Party Notice or otherwise appear may seek leave from the Special Master to participate in the Objection Proceeding by filing a motion to intervene, under Rule 24, U.R.Civ.Pro.

---

<sup>4</sup> The Orders Assigning Additional Civil Numbers for Subdivision Sub-Cases are available via the Court's website, available at: <https://www.utcourts.gov/waterrights/utahlake/>. The Utah Division of Water Rights also maintains subcase information in its general adjudication database, available at: <https://www.waterrights.utah.gov/adjstatus/default.asp>.

**E. Setting the Schedule for the Objection Proceeding—Scheduling Conferences and Scheduling Orders**

14. Following the filing of the Disclosures of Potentially Affected Parties, or the elapsing of the time permitted for filing the same, the Special Master will schedule and conduct a mandatory Scheduling Conference with the parties to the Objection Proceeding. The Scheduling Conference will be held no earlier than forty-nine (49) days after the Special Master serves Potentially Affected Parties with the Notice of Objection Proceeding.

15. Following the Scheduling Conference, the Special Master will issue a Scheduling Order containing deadlines for discovery, mediation and settlement negotiations, dispositive motions, and a final hearing date.

16. The Tier 2 discovery standards and limits of Rule 26(c)(5), U.R.Civ.Pro., will apply to each Objection Proceeding—with the following modifications:

- a. The Rule 26 discovery limits will be applied on a per-party basis instead of “per side”; and
- b. All parties represented by the same counsel will be treated as a single party.

17. Pursuant to Rule 26(c)(6), U.R.Civ.Pro, any party may move for extraordinary discovery.

**F. Obtaining a Ruling—Decisions by the Special Master**

18. When briefing on a motion to be considered by the Special Master is complete or the time for briefing has expired, either party may request a decision by the Special Master by notifying the Special Master that the matter is ripe for decision.

19. Parties requesting a ruling from the Special Master shall **not** file a request for submission with the District Court; *requests for ruling and/or orders in Rich Text format should be electronically filed only where an order is sought from the District Judge*. Instead a request for decision from the Special Master shall be sent to the Special Master via email at [RLKNUTHPLLC@outlook.com](mailto:RLKNUTHPLLC@outlook.com), with a copy to other parties/counsel in the Objection Proceeding (or Subdivision sub-case, depending on the scope of the issue to be decided). The party's request for decision shall state whether a hearing has been requested and the dates on which the following documents were filed:

- a. The motion;
- b. The memorandum opposing the motion, if any;
- c. The reply memorandum, if any; and
- d. The response to objections in the reply memorandum, if any.

20. In conjunction with a request for decision, parties may also submit a proposed order for the Special Master's signature, but only under the conditions provided in Rule 7(j)(6), U.R.Civ.Pro. Like a request for decision, proposed orders shall be presented to the Special Master by emailing a proposed order, in MS-Word format, to the Special Master at [RLKNUTHPLLC@outlook.com](mailto:RLKNUTHPLLC@outlook.com), with a copy to other parties/counsel in the Objection Proceeding or Subdivision sub-case.

**G. Responding to the Special Master's Ruling—Objections to Reports and Recommendations**

21. Pursuant to the Court's Amended Order Appointing a Master and Order of Reference (Etc.), dated and entered September 12, 2017 ("Order of Reference"), after an Objection Proceeding is heard by the Special Master, the Special Master will submit to the

Court a Report and Recommendation with the Special Master's decisions, findings, and conclusions. Any party who has directly participated in the Objection Proceeding may file a written objection to the Special Master's Report and Recommendation within 30 days of service of the Report and Recommendation.

22. The Special Master may submit a draft Report and Recommendation for the parties' review and comment prior to issuance, as provided under Rule 53(e)(5), U.R.Civ.Pro.

23. A Potentially Affected Party who has failed to file a timely Potentially Affected Party Notice, who has not entered an appearance personally or through counsel, or who has not participated in the Objection Proceeding may file an objection (or respond to an objection) to a Report and Recommendation issued by the Special Master only if the party can demonstrate by clear and convincing evidence that (1) failure to participate was due to circumstances beyond the party's control, or (2) the party could not have ascertained through the exercise of reasonable diligence that the outcome of the case would affect the party's interests. *See* Order of Reference.

#### **H. Obtaining a Ruling—Decisions by the District Court**

24. To aid in the uniformity of final orders on Objections, in instances where there has been no objection to a Report and Recommendation, the Special Master will submit a proposed order or judgment to the District Judge. Parties may notify the Special Master by email, *see supra* ¶ 19, when the time for objection to a Report and Recommendation has passed, and the Special Master will notify the District Judge that the matter is ready for a final ruling.

25. In instances where an objection to a Report and Recommendation has been asserted, or when a decision is sought regarding a matter outside the scope of the Special Master's reference—*e.g.*, a request for an extension to file a statement of water user's claim (*see* Order of Reference)—the party shall request a decision and/or submit a proposed order to the District Judge as prescribed by Rules 7(g) and (j), U.R.Civ.Pro.

**I. Filing Documents—Reciprocity and the Three-Number Set**

26. Documents filed with the Clerk of the Court are deemed filed with the Special Master.

27. To facilitate browser-searching of the Court's online docket, each paper filed in connection with any Objection Proceeding subject to this Order shall include, in the title input field of the Court's e-filing systems, an Objection Proceeding number consisting of a three-number set in the form of XX-YY-ZZ. The first number (XX) shall correspond to the two-digit number of the Proposed Determination Subdivision (the "Water Right Area"), the second number (YY) being the number of the book of the subject Proposed Determination (the "Book Number"), and the third number (ZZ) being the ordinal number assigned to the Objection in the State Engineer's online listing of the objections for that Subdivision, located at <https://www.waterrights.utah.gov/adjstatus/default.asp>. The three numbers in the three-number set shall be separated by hyphens such that the Court's online docket can be effectively searched for the three-number set employing search functions in commonly-used web browsers.

**J. Appearing before the Special Master—Procedural Rules and Location of Hearings**

28. Objection Proceedings before the Special Master will be conducted in conformity with the Utah Rules of Civil Procedure and the Utah Rules of Evidence.

29. All hearings before the Special Master will be conducted virtually or held at the Matheson Courthouse, 450 South State Street, Salt Lake City, Utah 84114-1860, and unless otherwise ordered, will in all instances be recorded.

30. Parties may request leave to appear virtually for any proceeding, and the Special Master will freely grant leave for those proceedings as may be appropriate in the judgment of the Special Master and in conformity with general orders of the Court.

31. Any agency of the United States of America may appear virtually in any hearing, unless otherwise ordered.

SO ORDERED this 13th day of March, 2023.
