I am fine with the changes. I think I voiced that in the last meeting, but I wanted to let you know in writing, if you needed that.

URJP Members:

Attached is an email I sent you back in July. I need your vote approving the final 'minor and child' rule changes (attached) so they can be sent to the printer in this publication cycle. **Please respond no later than Thursday night, August 16th.** [So far I have heard from Judge Steele, Narda and Paul.] It is important that you vote as we are substituting this electronic vote for holding a meeting.

Remember that once we issue the minor and child revisions, they will still go out for comment. I suggest we use the comment period to fix any small/technical problems--However, if you have any major issues with the revisions, please feel free to speak up and we will hold them for further committee discussion.

Thanks all!

Here's the second of the two emails I promised. **This one requires your vote** since we did not had a quorum sign off on our "minor and child" revisions on July 13th. Attached is a redlined version of the entire URJP with the final proposed changes. **Please vote to either approve the changes as written, or send me your concerns by August 10th.** We need your vote to send these out for comment during the upcoming rule cycle.

I'm sorry, my formal vote must still be no. "Minor" and "child" are ambiguously defined in the statute in the disjunctive (either/or). We have continued this ambiguity. To avoid the ambiguity, we need three definitions: 0 up to 18; 18 up to 21; and 0 up to 21. Thanks.

Alan,

I don't have an "official" email vote from you, but that is not to say you haven't voted in some format! If you're ok with the changes just email back an "I vote yes" note and I'll count you in.

Katie

Hi Katie:

I vote we approve the changes. It appears that the changes were made that we had discussed at the last meeting I attended dealing with this issue. Good Work – Thanks.
